

My Tribal Area

POWERED BY
The American Community Survey

The U.S. Census Bureau collects data for the American Indian and Alaska Native (AIAN) population and publishes specific counts, estimates, and statistics. My Tribal Area gives you quick and easy access to selected statistics from the American Community Survey (ACS). The ACS provides detailed demographic, social, economic, and housing statistics every year for the nation's communities.

My Tribal Area is a NEW data tool!

- Preview launched in November 2016 and the full launch is scheduled for April 2017.
- Features 2011-2015 ACS 5-year estimates at the reservation and tribal area level.
- Users can utilize a type-ahead search and also search by state for tribal areas.
- The full launch will include the ability to download, share and print data as well as embed the application.

We are always looking for additional feedback to shape future deployments—Please use the *Tell us what you think* link in the top right of the application to submit comments and suggestions. For help with the tool, please e-mail cnmp.web.comments@census.gov

Statistical Categories Include:

People: Sex and Age, Race, Veteran Status, Disability Status of the Civilian Noninstitutionalized Population, Residence 1 Year Ago, Place of Birth, Ancestry

Workers: Employment Status, Commuting to Work, Occupation, Industry, Class of Worker

Housing: Housing Occupancy, Housing Tenure, Year Householder Moved into Unit, Value, Mortgage Status, Selected Monthly Owner Costs, and Gross Rent

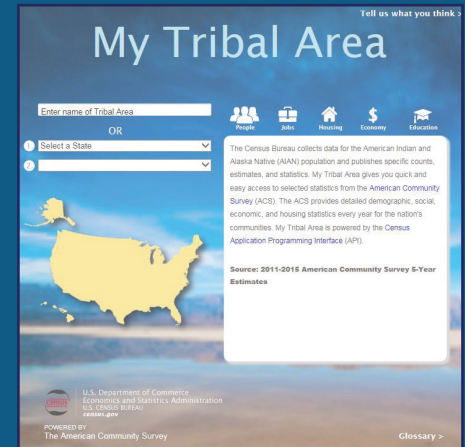

Financial: Income and Benefits, Health Insurance Coverage, and Percentage of Families and People Whose Income in the Past 12 Months is Below the Poverty Level

Education: School Enrollment, Educational Attainment

www.census.gov/tribal

Select your tribal area for a unique embed code to display your area's statistics on your website.

Estimates will be updated automatically with new releases.
