

List of rocks and fossils sent to
the Senitic Museum, Harvard
University.

- 2791 1. Politic limestone - cretaceous,
Babylon - used for paving
- 2792 2. Bone & flint breccia, quaternary,
Dog River
- 2793 3. Sphaerulites sawagii, d'Homb.,
cretaceous, 'Abek'
- 2794 4. Slab from Bhandün, with various
species of Cerithium, Cardita, Ostrea,
etc. v. Blanckenhorn Kreide Sys. Syr.
Taf. IV. f. 1+2. Cretaceous
- 2795 5. Buchiceras syriacum, v. Busk, cretaceous,
Bhandün.
- 2796 6. Cyprina flabellata, Goldf., cretaceous,
Ain Saufar.
- 2797 7. Ostrea dieneri, Blenck., cret. 'Abek.'
- 2798 8. Ostrea bicula, Howlin, cret. 'Abek.'
- 2799 9. Trigonia syriaca, Fraas, cret. 'Abek.'
- 2800 10. Fossil wood, Heliopolis, Egypt.
- 2801 11. Ammonites, jurassic. Mejdabshams
- 2802 12. Belemnites, " " "
- 2803 13. Echinospatangus (Toxaster) dieneri, For.,
cret., Dama.

SYRIAN PROTESTANT COLLEGE,
BEIRUT, SYRIA.

- 2804 14. Spines of *Cidaris glandarica*, Lang.,
upper jur. or lower Cret., Beit-Miri.
- 2805 15. *Ceromya sinuata*, Hamlin, cret., Bhandūn.
- 2806 16. *Protocardia hillana*, Sow., var. *grandis*.
cret., Bhandūn.
- 2807 17. *Neulla opiformis*. Conrad., cret.,
Bhandūn.
- 2808 18. *Neulla obtenta*, Con., cret., Bhandūn.
- 2809 19. *Cytherea obruta*, Conr., cret., Bhandūn.
- 2810 20. *Tylostoma depressum*, Pretet & Campiche,
cret., Bhandūn.
- 2811 21. ditto, from Ruweisat-Na'mān.
- 2812 22. *Melo parvulus*, Con., cret., Judeidet-
ush - Shūf.
- 2813 23. *Turritella* sp., cret., Ruweisat-Na'mān.
(Nos. 15-23 are representatives of
a stratum which crops out in various
places in Lebanon and yields vast
numbers of such casts as these.)
- 2814 24. *Alaria monodactyla*, Hamlin, cret., 'Abeih.
- 2815 25. *Protocardia judaica*, " " "
- 2816 26. *Corbula aligera*, " " "
- 2817 27. *Turritella kokeni*, Blausk., " "

SYRIAN PROTESTANT COLLEGE,
BEIRUT, SYRIA.

- 2818 28. *Turritella damesi*, Blauk., cret., 'Abeih.
- 2819 29. *Cerithium orientale*, Cour., " "
- 2820 30. *Cardita lacunar*, Howlin, " "
- 2821 31. *Vaukoro neritopsoides*, Blauk., " "
- 2822 32. *Naticopsis ornata*, Fraase, " "
- 2823 33. Spongy calcareo-silicious sandstone, quaternary, Beirut. Most of the houses of Beirut are built of this.
- 2824 34. Compact calcareo-silicious sandstone, quaternary, Beirut. used for building.
- 2825 35. Libanon sandstone, cret., Dekwâni. little used for building.

(Nos. 35-39 and 47-9, all labelled from Dekwâni, are from various places in the vicinity of that village. It has extensive quarries on the road from Beirut to Beit-Miri + Brummâna.)

- 2826 36 - ditto.
- 2827 37. Fossiliferous limestone, cret., containing *Merinea*, *Hippurites*, etc. Dekwâni. Used for columns & ornamental work.
- 2828 38. Fossiliferous limestone, containing *Merinea*, cret., Dekwâni. Used for building.

- 2829 39. Fossiliferous limestone, cret.,
Dekwâni, used for building.
- 2830 40. Limestone, cret., Schweifât, used
for building.
- 2831 41. Traprock, Lebanon, little used.
- 2832 42. Eurypholis boissieri, Pictet, cret.,
Hâkil.
- 2833 43. Prionolepis cataphractus,
Pictet & Humbert, cret., Hâkil.
- 2834 44. Diplomystus brevisinus,
Blainville, cret., Hâkil.
- 2835 45. Spaniodon elongatus, Pictet, cret.,
Sâhil-Alma.
- 2836 46. Spaniodon latus, Agassiz, cret.,
Sâhil-Alma.
- 2837 47. Rhyuchonella moravica, Uhlig,
up. jur. or low. cret., Mejdil-Sheims.
- 2838 48. Lebanon sandstone, cret., Dekwâni,
little used.
- 2839 49. Ditto.
