Dear Prof Pfeiffer:

In reply to your letter at hand. I wish to donate the objects I left at the Museum, and am glad to know you are interested in them. I had most of them made by a Carpenter in Jerusalem, the shop I purchased in the Market place of Jerusalem. I think it was 1898 that I was in Palestine for the last time. Will add soon a collection of fifty or more pressed flowers to the list

Sincerely

Harvey B. Green
