Prof. S. G. Lyon,
Cambridge,

Dear Sir—

In compliance with my
promise, I brought the Stone for
Savaly & you myself this
afternoon, but unfortunately
I did not find you at home.
I regret very much indeed not
having the pleasure of having
an interview with you. Can
you come to my visit to Boston.
As you may have seen in the
papers, I am identified with
the Orientale Exhibition & Salwa
no 8 Park Square, Boston. in order
to acquaint the Bostonians with
the class of goods I keep as well

as will my establishment in
New York. Allow me to hope
that you will be also kind
enough to assist my object in
any way you possibly can. We
beg leave to suggest that if you
could speak to your friends as
well as through the medium of
newspaper, of our Collections
in general and the Stone in
particular. You may be able
to accomplish much in the
way of aiding us. My purpose
has always been - for many years
to do what I could in helping
the directors of different European
museums in making good and
reliable selections. We came to this
Country with some object in view.
and we hope that by the assistance
of friends we shall be able to es-
tablish ourselves firmly in the es-
timation of the directors of differ-
ent American museums and the
public in general

I brought also the 3 small tablets
which you wished to see - also
one book thinking perhaps you
might like for the museum.
I wished I could see you
before going back to N.Y. but
I expect to leave tonight with
the possibility of returning some
time early part of next week.
at all events I would esteem
it a great favor if you could
make it convenient to address
me to No. 8 Park Sq. Boston.

I remain, dear Sir,

Yours very truly
Dikran Kelekian
